

### ***Rest / retreat / quiet space***

Take some time out and come to sit and read or think, pray or generally unwind.

[Contact us](#) to check suitable times and then come along and find a place to sit in the summer house, garden or house.

Refreshments will be available.

We are blessed with a peaceful setting, with lovely gardens and views across the river to the fields.

Just pop in and say hello before finding a space to enjoy.

It is easy to rush around every day of the week - we believe that God wants us to have a day of rest and sometimes that is easiest away from our own home, where there will always be something to do!

If you would like to stay with us for a short while for the purposes of retreat please contact us to discuss.
